About Us

THE DEPARTMENT OF INDUSTRIAL MANAGEMENT

The Department of Industrial Management (DIM), which was formed in 1967, specializes in imparting instruction in the field of Management to students who are pursuing their academic programs in the field of Science. This is done by integrating the field of Management with Information Technology in the prestigious field of Bachelor of Science (Hons.) in Management and Information Technology (MIT) and Bachelor of Science (Hons.) in Information Technology (IT).

The Department also provides opportunities to its undergraduates to pursue Master's programs in Information Technology and Data Analytics. This helps them to upgrade their academic and professional skills.

Equipped with state-of-the-art classrooms and facilities, and a technological library within its premises, the Department provides an opportunity for its undergraduates to have an all-rounded learning experience.

As a testament to its journey towards excellence, the Department of Industrial Management was awarded the ISO 9001:2015 Quality Management System Certificate in 2020.

The Department of Industrial Management has always been known for pushing the frontiers of knowledge. It is an exciting and stimulating place to learn while unleashing the full potential of its undergraduates to achieve rewarding and successful careers.

IMSSA

The **Industrial Management Science Students' Association (IMSSA)** is the leading student body of the Department of Industrial Management, University of Kelaniya. Since its establishment in **2005**, it has strived to ensure the innovative footprints of the Department's undergraduates while contributing to the growth of a dynamic academic environment. Each year, IMSSA continues to gain prominence through the various activities it carries out across multiple sectors, helping to develop the **personal and professional skills** of undergraduates.

The most noteworthy events of IMSSA include:

- Exposition Magazine and Industrial Week
- HackX and HackX Jr
- Outbound Training Programs
- Fundraising Activities and Religious Events
- CSR Projects

MIT / IT

The Department of Industrial Management offers **two distinguished programs**:

- B.Sc. (Hons.) in **MIT (Management and Information Technology)**
- B.Sc. (Hons.) in **IT (Information Technology)**

These programs equip graduates with modern technological skills, innovative problem-solving abilities, practical knowledge, and strong interpersonal skills. They are designed to produce versatile, adaptable, and competent professionals capable of excelling in today's **competitive corporate and technology-driven environment**

Exposition

ISSUE 22 The Magazine that Bridges Management & IT

"Bridging Innovation, Inspiring Excellence"

Exposition Magazine, published annually by the Department of Industrial Management, is a premier university business publication that goes beyond showcasing undergraduate achievements. It serves as a platform that bridges Management and IT, offering a rich blend of expert insights, emerging tech and business trends, in-depth analyses, and thought-provoking articles. Through articles, interviews, and competitions, Exposition fosters intellectual engagement and industry connections, making it a valuable source of knowledge and inspiration for both students and professionals.

Vision, Mission & Objective

VISION

To make Exposition the most respected and leading business title, groomed by an academic institution

MISSION

Bridging IT, Management and Entrepreneurship.

OBJECTIVES

To bridge the gap between academia and the industry while providing up-to-date, factual, analytical, and research-based information to undergraduates, entrepreneurs, and professionals regarding the latest technologies and innovations. Exposition will successfully connect school students, undergraduates, and industry to one common collaborative platform.

VOICES OF
VISION

PODCAST SERIES

Exposition Podcast Series

Overview

The Exposition Podcast Series is a forward-looking digital media initiative designed to explore cutting-edge business trends and entrepreneurial journeys through exclusive interviews. Built around the theme “Voices of Vision,” it transforms industry knowledge into compelling conversations. Featuring industry professionals, academics, and notable personalities, the platform shares practical experiences, emerging trends, and valuable perspectives. Through a consistent mix of long-form episodes and short-form content, it creates sustained visibility, builds credibility, and generates momentum leading up to the final Exposition event.

Featured Speakers in the previous year

These sessions served as a strategic roadmap for students and young professionals, spanning fintech, leadership, technology, and high-performance sports. Issue 22 builds directly on this success, expanding the series in both reach and depth.

Key highlights in Issue 22 Podcast Series

- Monthly high-quality video podcast episodes supported by weekly short-form content.
- A diverse mix of speakers to balance insight, relatability, and audience appeal.
- Targeted at IT, MIT, and career-focused students across universities.

Strategic value

The podcast serves as the primary engagement engine of Exposition — building early awareness, maintaining continuous interaction over time, and strengthening overall brand presence. It plays a key role in converting attention into interest and participation in the final event.

Partner & sponsor opportunities :

Partners gain long-term visibility and meaningful association with a premium, knowledge-driven initiative. The platform provides direct access to a highly relevant student audience while enabling natural and non-intrusive brand integration across multiple touchpoints.

Dedicated ad segments:

Dedicated pre-roll or mid-roll advertisement slots within each episode for direct brand promotion.

Visual branding on screen:

Partner logos and branding displayed during video episodes and short-form clips.

Event visibility:

Partner recognition carried through to the final Exposition event, extending campaign reach.

INDUSTRIAL FORUM

Where students meet industry
solutions

Overview

The Industrial Forum is a high-impact thought leadership event designed to bridge the gap between academic theory and industry reality. Held on the launch day of the Exposition Magazine, this forum transforms a traditional publication release into an immersive professional experience. By convening a curated panel of industry experts, the event delivers actionable insights to attendees while positioning Exposition as a platform for contemporary industrial discourse.

Building on a strong legacy of bringing industry veterans, young professionals, and academics into one room, previous editions have sparked bold conversations and real solutions. Exposition Issue 21 set the tone with its forum theme, “The Next 5 Years of Tech Work: Surviving AI Shock and Building Career Resilience”, a powerful dialogue on the disruptions reshaping the modern workforce. This year, the Industrial Forum will once again take centre stage with a theme that is equally compelling and timely.

Featured Panelists in Previous Year

Mr. Rohan Fernando
Director at Acuity
Analytics

Mr. K. Dananjaya Delgolla
CTO at Surge
Global

Dr. Ruchira Wijesena
Senior Lecturer at
University of Moratuwa

These sessions provided students with direct exposure to how industry leaders think, problem-solve, and make decisions under uncertainty, turning the magazine launch day into a career-defining learning experience.

Evolution of the Industrial Forum

- High-energy, half-day event with live moderated discussion + audience Q&A.
- Focus on a single trending topic (e.g., AI in supply chains, digital transformation).
- Complimentary professional LinkedIn headshot for every attendee.
- Pre-event 60-second video challenge to generate organic student engagement.

Strategic Value

The Industrial Forum serves as the anchor physical event of Exposition, converting digital engagement into in-person credibility. It drives brand authority and positions Exposition as more than just a magazine, as a platform where students don't just read, but engage with industry thinking in real time.

Partner & Sponsor Opportunities

Partners gain direct visibility among career-focused students and young professionals in an intimate, high-trust setting. Sponsorships go beyond logo placement, enabling meaningful integration into the forum experience.

- Session Integration
- Host or co-present a segment of the moderated discussion or Q&A
- Branding in Headshot Booth
- Logo placement on backdrops, digital photo frames, and social sharing templates
- Pre-Event Challenge Sponsorship
- Event Visibility
- Logo on all forum collateral, stage signage, and post-event highlight reels

Exposition Magazine Launch

Overview

Exposition Industrial Week is a week-long flagship event organized by the Industrial Management Science Students' Association (IMSSA), dedicated to bridging the gap between academic excellence and industry readiness. The week concludes with the official launch of Exposition Issue 22, bringing together students, academics, and industry professionals in a celebration of knowledge and achievement.

The Publication Offers:

- Interviews with leading business figures and industry experts
- Articles from lecturers, professionals, and alumni
- Insights into departmental achievements and research contributions

e-Magazine

The digital version of the magazine will be accessible through official platforms, providing a wider reach with interactive content and continuous engagement.

The site features interactive content, a lively blog, and the e-magazine itself.

Access the official Exposition e-Magazine via Exposition.lk or by scanning the QR code.

Exposition Issue 22

This edition continues the tradition of bridging Management and IT, while delivering insightful, impactful, and forward-thinking content to a broader audience.

The launching ceremony of Exposition Issue 22 is expected to bring together a diverse audience, including:

- Undergraduates
- Entrepreneurs
- Academic and non-academic staff
- Industry experts and professionals
- Corporate partners

Our Journey So Far

[Click here to view the full album](#)

University Tech Events Hub & Information Platform

As part of the strategic expansion of Exposition, we propose the development of a centralized digital platform that will serve as a national hub for aggregating and showcasing technology-related events organized by universities across Sri Lanka.

This platform will function as a dynamic, content-driven blog, publishing well-structured articles on events such as hackathons, robotic competitions, and innovation challenges conducted by leading universities across the country.

Each published article will provide comprehensive insights into the respective events, including an overview of the event and its objectives, along with historical highlights and details of past winners. It will also cover information on prize pools and recognitions, as well as upcoming event dates and timelines. In addition, the articles will include clear guidance on registration procedures and deadlines, together with relevant organizer and contact information to ensure accessibility and ease of participation.

Objectives of the Platform

- Establish a centralized information hub for all university-level technology events in Sri Lanka.
- Enhance the visibility and accessibility of opportunities for undergraduates.
- Position Exposition as a digital authority in student innovation and technological engagement.
- Strengthen connections between universities, students, and industry stakeholders.

Includes So Far:

PUBLICITY CAMPAIGN

Exposition Issue 22 will be brought to the attention of both university communities and industry professionals through a well-rounded publicity campaign designed to reach the right people at the right time.

Social Media

- Throughout the Exposition journey, followers will be taken along for the ride from early announcements to the final magazine launch through consistent and engaging content on our official social media channels.
- Article features, sponsor spotlights, and event previews will be woven into our social media presence, giving partners meaningful visibility among our audience.
- The Exposition Podcast Series, Voices of Vision, will be actively promoted through platform-specific content, drawing in new listeners and building a loyal following around each episode drop.
- Reels, stories, and behind-the-scenes glimpses will give our audience a closer look at the people and work behind Exposition, making the experience more personal and shareable.
- Our website and blog will be regularly updated and promoted through social media, directing traffic to a space where readers can dive deeper into the content and stay connected with Exposition community.

Website

The official Exposition website will serve as the central hub for Issue 22, featuring magazine content, event updates, sponsor highlights, and the University Tech Events Hub — a platform showcasing technology-related university events across Sri Lanka, including hackathons, innovation challenges, and robotics competitions.

e-Magazine

A digital version of Issue 22 will be made available through the Exposition website, opening the magazine to readers well beyond the local audience while putting sponsor and partner content in front of a much wider readership.

Exposition Blog

Selected articles from the magazine will be published on the Exposition blog, giving readers a space to explore the content at their own pace. Sponsors and partners will be featured alongside these articles, adding another layer of exposure throughout the readership.

Official YouTube Channel

This year, the IMSSA YouTube channel goes beyond interview highlights; the Industrial Forum will be streamed live, letting viewers tune in to real industry conversations as they happen. Full episodes of the Exposition Podcast Series will also be uploaded, creating a growing library of content that keeps audiences coming back while keeping our sponsors visible.

Emails and Banners

Reaching beyond social media, targeted emails and digital banners will carry news of the magazine launch and the Industrial Forum directly to public and private universities and higher education institutions island-wide. Every communication will carry partner and sponsor details, ensuring consistent visibility across all touchpoints.

WHY

PARTNER WITH US

Greater brand awareness and visibility among participants and the intended audience.

Help establish connections with university graduates and undergraduates from diverse fields, enabling access to a wider range of skilled candidates.

Wide-ranging company promotion through the Exposition Magazine, Exposition social media channels, and both internal and external platforms.

Direct engagement with outstanding individuals, including winners of hackX and hackX Jr.

Establish strong visibility for the company's products and services among young audiences.

Support the development and enhancement of the company's brand presence throughout the Exposition journey.

Invitations extended to entrepreneurs affiliated with our partner organizations (NEDA, COYLE, SED) to participate in our programs.

OTHER PARTNERSHIPS

Official Printing Partner

Expectations

The Official Printing Partner will play a key role in delivering the physical identity of Exposition by managing all printing requirements for the event, including the production of the Exposition magazine, while covering the associated printing costs. This responsibility includes ensuring high-quality outputs that reflect the standard and professionalism of the event, positioning the partner at the core of a flagship university initiative.

Deliverables

Exposure:

- Recognition as the “Official Printing Partner” across all printed materials and flyers.

Event Visibility:

- Display a 1-minute promotional video during the event.
- Privilege to display 1 banner at the event venue.

Exposition Magazine:

- A full-page advertisement in the magazine.
- The company logo will be featured in the designated ‘Partnerships’ section.

Exposition Website:

- Logo placement in the partnerships’ corner of the Exposition website footer.
- Dedicated sponsor profile page with company details and opportunities.
- Integration within the official event aftermovie.

Digital and Social Media:

- Dedicated sponsorship announcement posts across all platforms.

Official Photography Partner

Expectations

The Official Visual Media Partner will play a key role in capturing and delivering the visual identity of Exposition by covering all photography and visual media requirements throughout the event, including Industrial Week and the Magazine Launch. This includes providing high-quality images that reflect the professionalism and energy of the event, enabling strong digital presence and lasting brand visibility across official platforms and media content.

Deliverables

Exposure:

- Recognition as the “Official Photography Partner” across all the printed materials and flyers.

Event Visibility:

- Display a 30 second promotional video during the Exposition magazine launching ceremony.
- Privilege to display 1 banner at the event venue.

Exposition Magazine:

- A half-page advertisement in the magazine.
- The company logo will be featured in the designated ‘Partnerships’ section.

Exposition Website:

- Logo placement in the partnerships’ corner of the Exposition website footer.
- Integration within the official event aftermovie.

Digital and Social Media :

- Dedicated sponsorship announcement posts across all platforms.

Official Food/Beverage Partner

Expectations

The Official Food & Beverage Partner will play a key role in enhancing the overall event experience by providing refreshments and hospitality services throughout Industrial Week and the Magazine Launch. This includes covering the associated costs while ensuring a high-quality and seamless service that reflects the standard and professionalism of the event, positioning the partner at the center of attendee engagement and on-ground experience.

Deliverables

Exposure:

- Recognition as the “Official Food / Beverage Partner” of Exposition Issue 22 and the Industrial Week 2026/27

Event Visibility:

- Display a 30 second promotional video during the Exposition magazine launching ceremony.
- Privilege to display 1 banner at the event venue.

Podcast series:

- Food or beverage products will be seamlessly integrated into the Exposition Podcast Series, ensuring consistent and organic brand visibility.

Exposition Magazine:

- A half-page advertisement in the magazine.
- The company logo will be featured in the designated Partnerships section of the magazine

Exposition Website:

- The company logo will be displayed in the partnerships corner of the Exposition website footer.
- Integration within the official event aftermovie.

Digital and Social Media :

- Dedicated sponsorship announcement posts across all platforms.

Official Studio Partner

Expectations

The Official Studio Partner will play a key role in delivering the production quality of the Exposition Podcast Series by providing studio facilities and technical support for recording sessions. This includes ensuring a professional recording environment that maintains high audio and visual standards, contributing to consistent, high-quality content that reflects the overall standard and positioning of the Exposition platform.

Deliverables

Exposure:

- Recognition as the “Official Studio Partner” across all podcast-related communications and selected event materials

Event Visibility:

- Display a 30 second promotional video during the Exposition magazine launching ceremony.
- Privilege to display 1 banner at the event venue.

Podcast series:

- Company name will be featured in the outro of each podcast episode as the Official Studio Partner.

Exposition Magazine:

- The company logo will be featured in the designated Partnerships section of the magazine

Exposition Website:

- The company logo will be displayed in the partnerships corner of the Exposition website footer.
- Integration within the official event aftermovie.

Digital and Social Media :

- Dedicated sponsorship announcement posts across all platforms.

CO - Partner

Expectations

The Co-Partner will act as a strategic community collaborator, supporting the shared mission of bridging academia and industry. This partnership focuses on fostering a collaborative platform that connects Management and Information Technology while contributing to innovation and future talent development. Through this role, the partner aligns with the broader Exposition initiative and gains consistent brand visibility across key event platforms and engagements.

Deliverables

Exposure:

- Recognition as the “Co-Partner” of Exposition Issue 22 and the Industrial Week 2026/27

Event Visibility:

- Exclusive privilege to display a banner at the Exposition Magazine Launch Ceremony and Industrial Week premises, significantly boosting brand visibility
- Opportunity to distribute promotional materials to the attendees

Exposition Magazine:

- The company logo will be featured in the designated Partnerships section of the magazine

Exposition Website:

- The company logo will be displayed in the partnerships corner of Exposition website footer

Digital and Social Media :

- Dedicated sponsorship announcement posts across all platforms.

INDUSTRIAL WEEK & CAREER FAIR

Exposition Industrial Week is a premier platform proudly driven by the Industrial Management Science Students' Association (IMSSA). Dedicated to empowering undergraduates and fresh graduates, this event serves as a transformative gateway that bridges the gap between academic excellence and industry readiness. It offers a unique space to connect with Sri Lanka's leading companies, explore internship opportunities, and secure promising career openings while unlocking each participant's true potential.

Last Year's Industrial Week Journey :

7+

Prominent Companies

300+

Enthusiastic Attendees

Exposition Industrial Week Offers:

Interactive Workshops

- Thoughtfully designed workshops aimed at strengthening participants' professional and technical competencies.
- A valuable opportunity for organizations to showcase their brand identity and values to a highly engaged audience.

Awareness Sessions and Exhibition Booths

- Organizations are welcome to host awareness sessions and set up dedicated booths, giving attendees direct access to explore their services, innovations, and career prospects.

Talent Acquisition

- A purposeful platform for companies to highlight available job openings and internship opportunities while connecting with and recruiting highly motivated talent.

Networking and Partnership Opportunities

- Engage with university academics, researchers, and fellow industry professionals.
- Foster connections that pave the way for future collaborations, partnerships, and research endeavors.

Non-Partner Opportunity at Exposition Career Fair

Beyond our corporate partnerships, Exposition Career Fair extends an exclusive opportunity for non-partnering companies to gain direct access to a highly motivated and diverse community of undergraduates and fresh graduates from the University of Kelaniya. This is a carefully curated platform designed to help organizations identify, engage with, and recruit highly capable individuals ready to make their mark in the professional world.

Participation Fee: 7,500 LKR

What Your Investment Includes :

- A designated recruitment space to conduct interviews and interact with prospective candidates.
- Access to skilled individuals from a wide range of academic backgrounds and disciplines.
- Company recognition through mentions in promotional and distributional materials.
- Networking opportunities with industry professionals, university academics, and faculty members.

This is a remarkable opportunity to forge meaningful connections with the next generation of industry-ready professionals and invest in building a strong and future-proof workforce for your organization.

Your Thoughts Reshape Our Success

Our Success Stories

Mr.Nikin Matharaarachchi

Founder & Data Scientist at Synapse AI Labs

It was truly a pleasure to be part of the podcast for Exposition Issue 21. The conversation flowed naturally, and the overall experience was both enjoyable and meaningful. It is clear that a lot of thought and effort has gone into creating something valuable, and I believe it will continue to grow and make an even greater impact in the future.

Mr.Rohan Fernando

Director at Acuity Analytics

At Acuity, mentorship and knowledge sharing are core to how we grow talent and create impact. Conversations like these reinforce why that matters. Thanks to the organizers for the invitation and for putting together a truly meaningful event.
